

## Make Outside Your Kind of Beautiful.

Bringing your backyard design dreams to life begins with making a few basic decisions around function and style. Only Belgard® designs dependable, personalized products that combine boundless creativity with fine craftsmanship into lasting outdoor spaces.

**FUNCTION:** Whether you're building a walkway from your driveway to your front door or a large patio with kitchen area, a key piece in the journey is mapping out how you plan to use your outdoor space. It may be a space designed for quiet evenings for two or evenings with several friends and family. Mapping out your needs and desires for the space, will help with a successful design creation.

**STYLE:** There are two key considerations when choosing the style of your outdoor space. First, the bigger picture that considers your personal likes and preferences and how the hardscape product will help you carry out that look.

Once you understand the bigger picture, consider the three pillars of hardscape style - Color. Texture. Shape. Belgard offers a uniquely tailored collection of hardscapes designed to help you achieve any style distinction you may be looking to accomplish.

**COLOR:** Choose from a palette of natural hues designed to work in harmony with a variety of home environments.

**TEXTURE:** Add visual interest with antique, classic or natural surface treatments.

**SHAPE:** Mix or Match natural, classic and transitional paver shapes to create one-of-a-kind designs.
